Season's Greetings!

Hopefully this letter finds you well.

We will again be offering our winter service program in a contact - free environment.

Lawn Mowers

\$85

Fuel system clean-up, complete engine and transmission check-out, oil change, blade sharpening, cable and wheel lube, deck cleaning, pick-up and delivery.
Oil, spark plug, and ethanol preventative sock.
(Toro Timemaster 30" - \$110)

Small/Medium Tractors and Zero-Turns (up to 50")

\$195

All of the above plus deck leveling, tire maintenance

Large Zero-Turns, Tractors larger than 50" requiring trailer

\$235

Over a 15 mile radius, we will impose an additional \$10 fee

To respond, you may return the card; call us; fax us; or e-mail us by Jan 15th. Emails are great and preferred. We can contact you and track them much more easily. Next year we will not include cards.

We will take care of the rest. Do not be alarmed if we do not call you immediately - it will take us at least eight weeks to complete. We cannot guarantee service for units requested after Jan. 25th.

While we will work on brands we do not sell, we will charge for pickup and delivery for them.

Please have machines available when scheduled. Second trips may require an additional charge.

Repairs are payable upon delivery. Please arrange a payment method when contacted for delivery. Our computer system does not allow us to invoice without payment being applied which creates a bookkeeping nightmare!

If for some reason there is a problem with either our service or a piece of equipment you have purchased, please feel free to call us at any time with your dissatisfaction. Our goal is to have your equipment dependable - not taking up space in your garage!!

Thank you for your continued business and support. Stay safe and well!
